Voluntary

ACCIDENT COVERAGE

Whether you lead an adventurous life, have sports-loving kids, or just need to clean those leaf-clogged gutters—it's comforting to know that your family's finances won't suffer if one of you gets hurt.

HOW IT WORKS

Voluntary Accident Coverage doesn't replace your medical plan. It gives it a boost!

1

Uh-oh!

Suffer a mishap and a friendly LifeMap claims analyst will take care of your claim every step of the way.

2

You'll ♥ less paperwork

Just submit a simple form explaining what happened, plus a statement of proof from your doctor.

3

Get the dough

Once the claim's approved, you'll receive a one-time payment that corresponds with your injury and treatment. Use the money for household bills, medical expenses related to the accident, anything.

WHY SHOULD YOU BUY IT?

Voluntary Accident Coverage helps you focus on healing, instead of your finances.

Flexible coverage

Buy a plan for yourself, your spouse or the whole family.

Guaranteed acceptance

There's no need to answer any health questions.

Affordable rates

Take advantage of your company's group buying power.

Portable coverage

Coverage can go with you if you move, change jobs or retire.

Major and minor injuries covered

You'll receive a benefit payment for minor injuries that require a quick trip to the doctor and major injuries that lead to hospitalization, surgery and physical rehabilitation. That means cash in your pocket if you need stitches, break your arm, dislocate your knee, get splashed by scalding hot coffee... you get the idea.
